**“THE ANSSEMS PLT IS  
COMFORTABLY LIGHT  
AND EXTREMELY STRONG”**

## PLT flatbed trailers

The Anssems PLT has a distinctive character due to its ergonomic design, an extremely light but strong construction, giving maximum load capacity. The wheels under the platform design of the Anssems PLT give a large load area which is easily accessible with the drop side- and rear panels lowered.

## There is always an ideal model

There is a wide selection of PLT models. Braked or un-braked, single or tandem axle, different weight capacities and a wide selection of dimensions. With 8 different models there is always a PLT flatbed trailer that exactly meets your needs. All PLT models come as standard with multiple tie down points to help keep your load secure.

Optimally accessible loading floor

Standard equipped with jockey wheel

Equipped with span lockers

8 tie hooks on loading floor

Tie-rail for removable and adjustable net hooks

Reliable and clear lighting

Always clearly visible

## Extend your PLT

The PLT accessories allow you to personalise your trailer to even better suit your needs, whether you use the PLT professionally or for private use. View the options that Anssems can offer you.

**“THE ANSSEMS PLT IS COMPLETELY  
TAILORED TO MY DEMANDS”**

A flat cover offers extra protection during transport. This cover is easy to attach to the net hooks.

The ladder rack at the front is very popular with Anssems PLT owners. It creates additional locking options and supports high volume loads.

Accessorie:  
aluminium ramps

Accessorie:  
Spare wheel

Accessorie:  
Spare wheel support

Accessorie:  
Net hooks

Accessorie:  
Tie eye

Accessorie: axle shock  
absorbers  
(for braked version only)

Accessorie:  
Extended  
panels 30 cm

Need extra loading volume? The height of the loading platform is 60 cm due to the mounting of extension sides. PLT can be used very widely for all types of loads.
