**“THE ANSSEMS PSX
HAS MULTIPLE
POSSIBILITIES”**

PSX Flatbed-trailer, thought of everything

Anssems developed the PSX series especially with the needs of the professional user in mind. The PSX flatbed trailers have a distinctive character through the use of very generous standard equipment. The side- and rear panels fold beneath the loading floor, for ease of loading and unloading with a forklift. With a choice of 10 models and a weight range of 750 to 3000 kg, there is a PSX for every type of user.

Robust and sustainable

A strong chassis is at the basis of the PSX. The cross members ensure optimum loading floor support. The high quality finish, lighting, jockey wheel, axles, coupling and braking system are of premium quality. To create a maximum flat loading platform, remove the aluminium side panels and corner posts.

Optimum floor support

Reliable brake system

Clear lighting at front, side and back

8 tie down hooks at the innerside of the loading surface

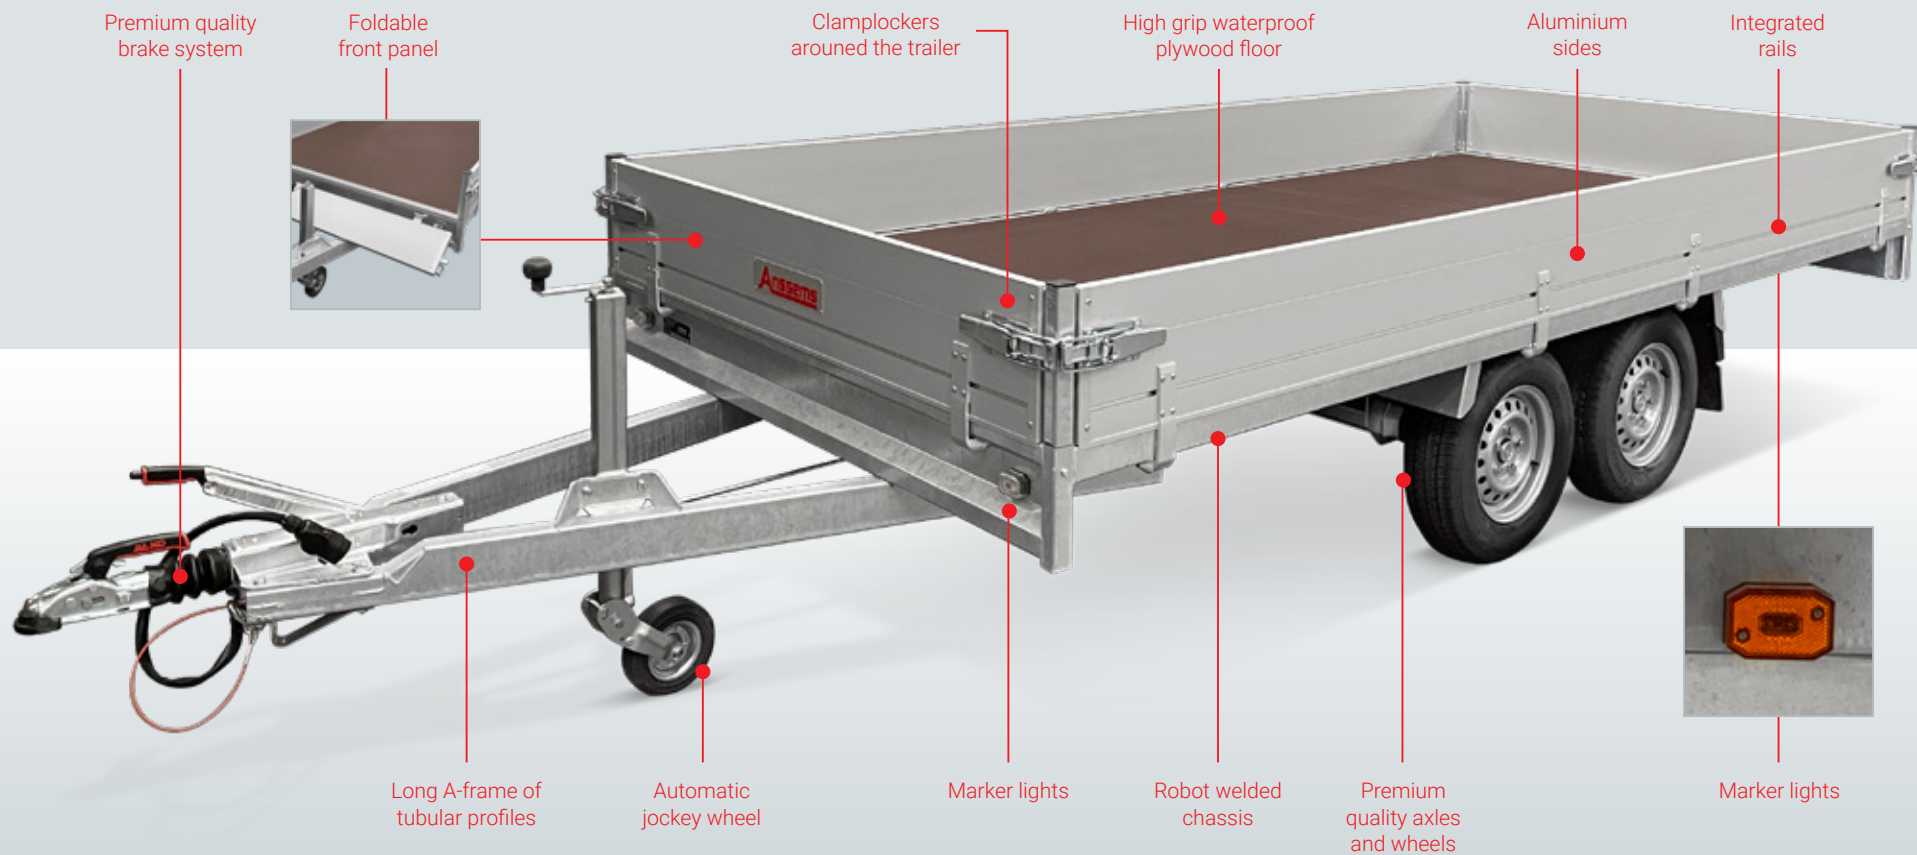

Pull-out beams for back panel support

Rails for movable rope-hooks and tie-hooks

Panels that rotate below the floor. Damage-free loading and unloading.

Anssems

Customisze your Anssems PSX

The PSX accessories create numerous possibilities to arrange the flatbed trailer so it will perfectly match your individual needs. Extension side panels or mesh sides for more volume, a high cover to protect the cargo or the steel ladder rack for more tie options. All PSX models come with multiple tie down points to help keep your load secure.

**“MY ANSSEMS PSX-2500
IS A PIECE OF CUSTOMIZATION”**

Create extra load volume with the mesh sides. The 70 cm extended weldmesh are placed on the standard 30 cm side panels.

Additional loading options by mounting the extension sides which will increase the height of the side panels with an extra 35 cm.

Accessorie:
Sustainable flat cover

Accessorie:
Shock absorbers

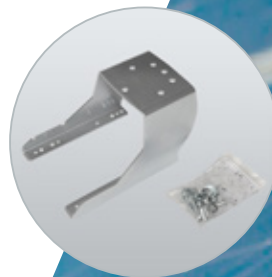

Accessorie:
Net hooks for in rail

Accessorie:
Propstands

Accessorie:
Aluminium ramps

Accessorie:
Spare wheel support

Accessorie:
Spare wheel

Mount a ladder rack for extra tie options and cargo support.

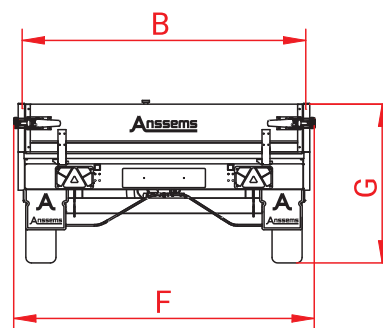

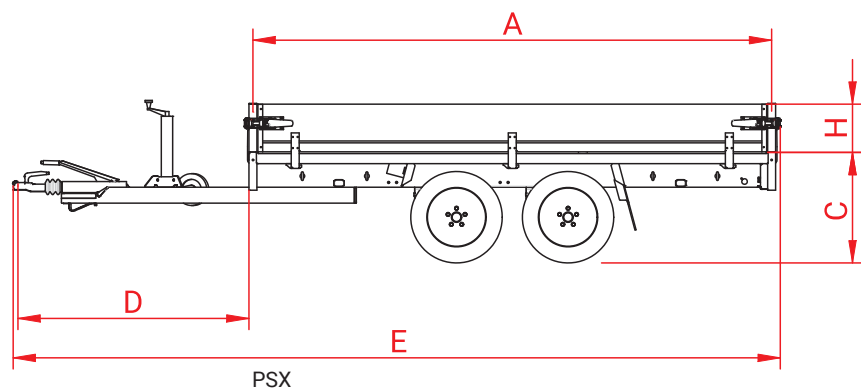

The steel high cover frame in combination with its aluminium bearers and sustainable tarpaulin creates a perfect high cover.

Need some help?

Ask the Anssems dealer for all the trailer options or get your answer at www.anssems.eu. The Anssems Customer service is standing by.

Anssems

Employability

User-friendliness and usability of the PSX range is very large. Loading and unloading is never a problem thanks to this smart design. A great choice for a demanding user.

“MY ANSSEMS PSX-3000 IS EXTREME STRONG AND EASY TO MAINTAIN”

Anssems

Typical Anssems
