## Aluminium Hard top trailer GT-HT, the perfect travel companion

A perfect travel companion is always reliable, so is your Anssems Aluminium Hard top GT trailer. The design is created to meet all your needs, with its locking hard top lid keeping all your belongings safe and secure. The trailer is easy to use, being made from light weight, high quality materials giving years of trouble free travel.

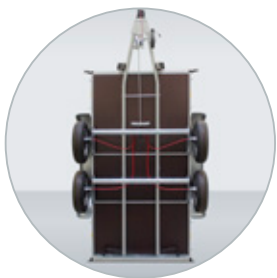

*The GT-HT Aluminium Hard Top trailers available in braked and un-braked versions*

## Anssems Quality

The hard top is supported with strong gas springs when open, creating a large opening with easy access to both sides and the rear of the trailer. The red pull cord located at the rear of the trailer makes closing the lid super easy once your trailer is loaded. The mudguards are made from a flexible, sustainable plastic, minimising damage to you and the environment. The rear lights, jockey wheel, axle, braking system and coupling are all premium quality products.

**“THAT HOLIDAY FEELING  
STARTS WITH LOADING  
OUR ANSSEMS GT”**
