WELFARE TRAILERS

Unique full polyester quality, 100% woodfree!

Anssems produces in its own factory a strong quality polyester with a smooth surface and a gloss level of almost 98%. Our horse trailers are coated with a special gelcoat that ensures an extremely high UV resistance. This has the advantage that the colour does not fade and your trailer does not heat too quickly in the sun. Besides the trailer is very easy to clean.

The PTH series consists of Privaro, Excelente and Ganador

Unique materials

Materials used for the Anssems horse trailers are materials also used in aircraft industry as well as in windmills construction. These materials have a low net weight, are extremely strong and especially adapted for long term pressure load. The entire trailer is 100% woodfree, which prevents it from rotting. A long life is thus guaranteed!

**“THE ANSSEMS PTH
IS SUSTAINABLE AND
100% WOOD-FREE”**

Robust outside railing

Reliable and highly visible lighting

Large tack room, also for western saddles

Special breast bar release system

Top hung windows on both sides

Self rollable ventilated windstop

Very low entrance

Also available with alloy wheels

HAS AN EXTREMELY
LOW ENTRY”**

Aerodynamic design

The revolutionary aerodynamic design minimizes wind and driving noise. Combined to an optimal roadholding, it guarantees a stress-free and comfortable transport for your horses. Another important aspect is the significant reduction of fuel consumption, thanks to the unique design.

Privaro

2-Horse trailer equipped with:

- Unique full-polyester quality
- Extremely low entry
- Robust welded and hot dip galvanised chassis
- Robust rods on the outside
- Breast bar release system and maneuverhandle
- Side kick protection
- Large wall cushions / pads
- Total weight: 2000 kg
