BSX Low-loader unbraked or braked

Robust and durable

The BSX low loader is famous for its extremely strong frame. This chassis is made out of steel profiles and box sections. The BSX frame is galvanised for long lasting protection. The lighting, jockey wheel, axles, coupling and braking system are of premium quality. The steel mudguards are made for intensive use.

Robot-welded chassis with a fixed railing and ladder rack

Reliable and clear lighting

Marker lights at the front and side

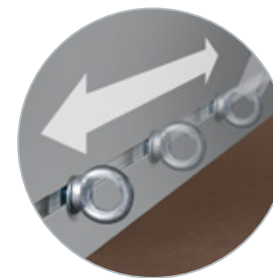

Back-panel can rest on pullout beams

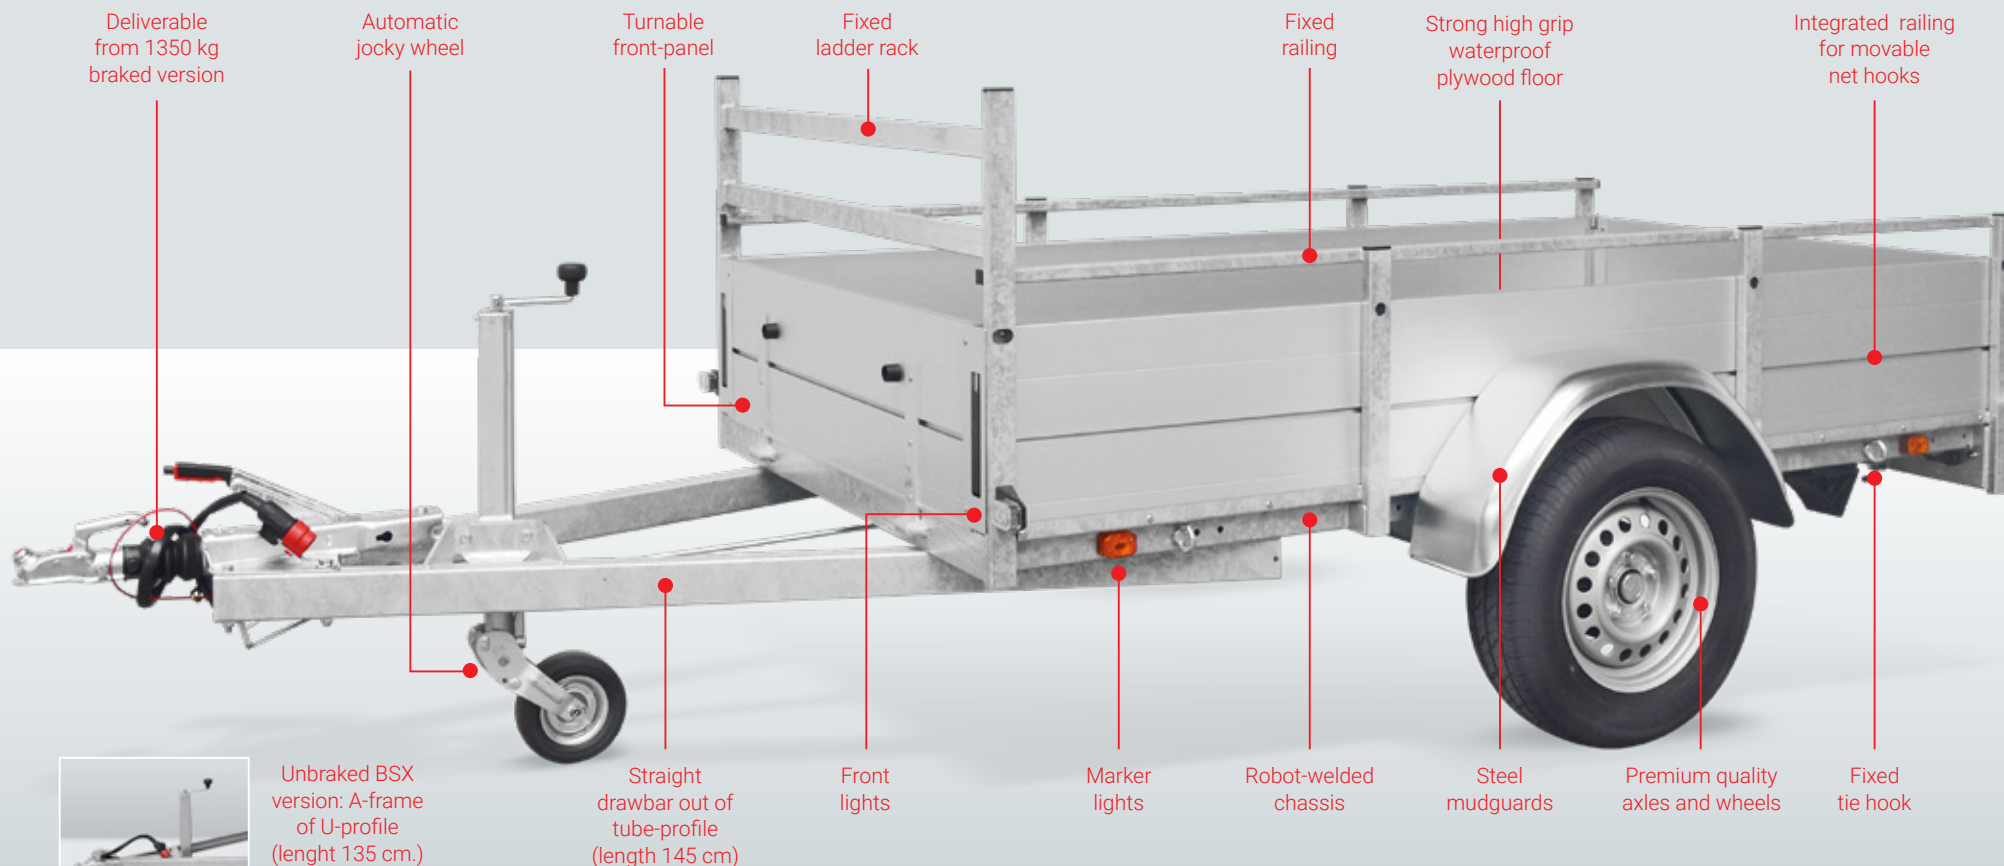

Front-panel can rest on the A-frame

Railing for movable net hooks

Integrated railing for free positioning tie-hooks

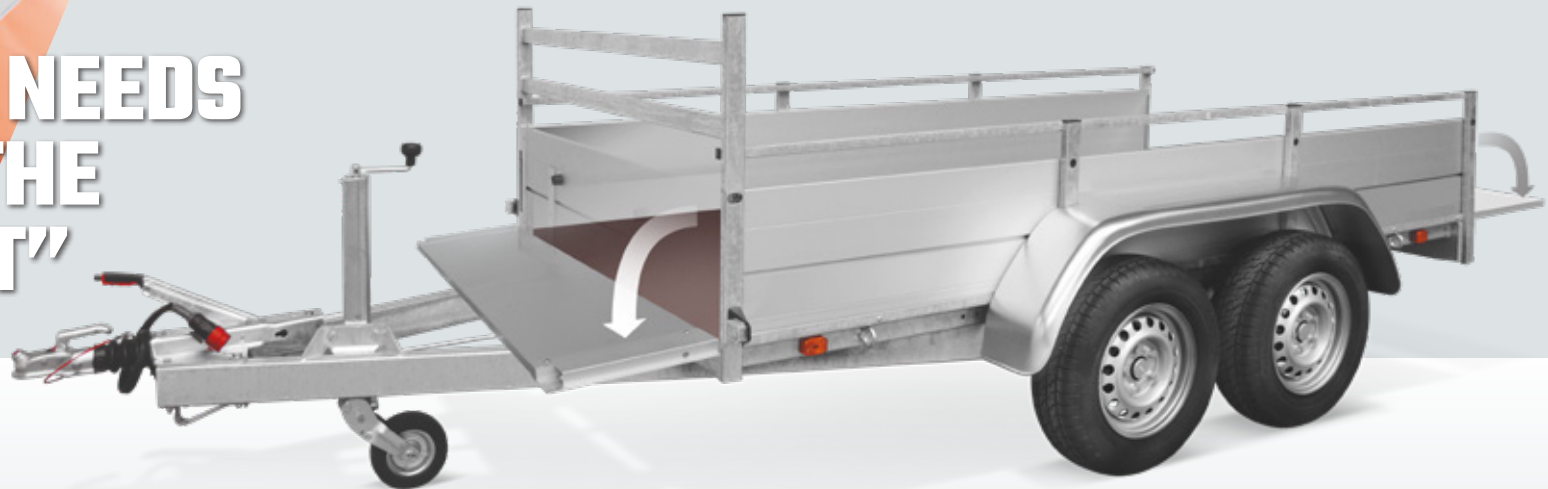

Anssems

Multi purpose trailer

During the developing process of the BSX range, Anssems did everything to create the best multipurpose trailer in its class. Trying to accommodate all the requirements of business and private users. The BSX is an attractive trailer, featuring innovations not seen on any other trailer in its class. Get informed at your local Anssems-dealer and ask for all possibilities. Or visit www.anssems.eu.

ENTIRE FREIGHT”**

Loading comfort

The BSX Trailer is the ideal trailer of transporting all kinds of loads. In case of long loads, both front and rear panels can be laid flat, the front resting on the A frame and the rear on locking pull-out supports while still leaving the lights visible from the rear. The ladder rack offers more tie down options and cargo support.

Accessorie: propstands for more comfort during loading and unloading

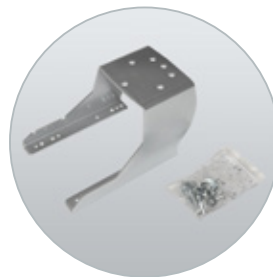

Accessorie: axle shock absorbers (Only of braked version)

Accessorie: Tie eyes M8

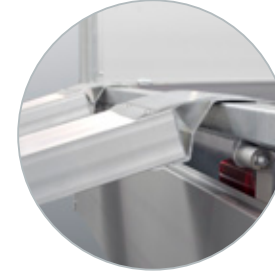

Accessorie: Net hooks

Accessorie: Spare wheel support

Accessorie: Spare wheel

Accessorie: Universal aluminium ramps

Cover your load safely with this flat cover, made out of sustainable tarpaulin. Easy mounting using the adjustable net hooks.

Many BSX buyers choose the Anssems high cover. This high cover creates more cargo hold volume and extra protection during transport.

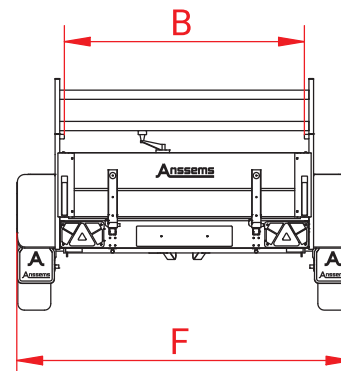

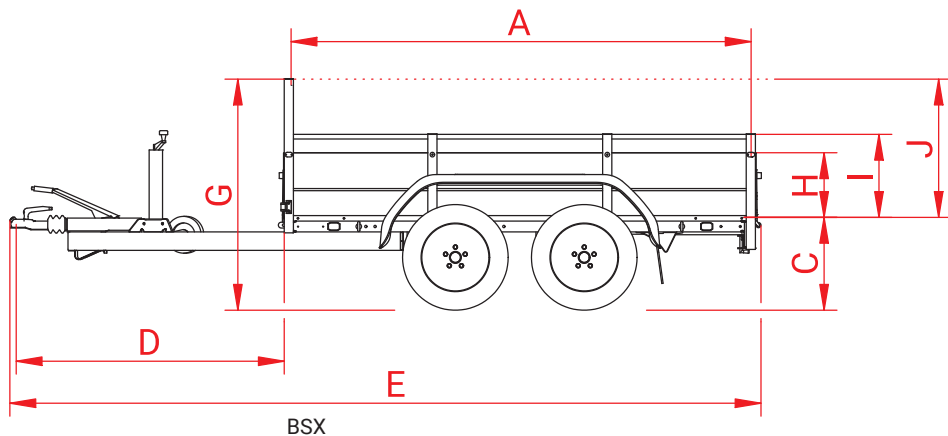

The original Anssems high cover has a strong construction with aluminium layers.
