Anssems 3-WAY TIPPING TRAILERS **KSX**

"THE ANSSEMS KSX IS A REAL POWERHOUSES"

KSX - 3-way tipping trailers with class

With its three-way tipping facility, a tipping angle of 49° and its robust build quality, the Anssems KSX is a great tool for professionals. The KSX tipper has a robot welded chassis and heavy duty 145 cm long A-frame allowing great support while maintaining much needed carrying capacity. The upper chassis is made of robot welded steel creating a strong loading floor support. The entire range is 100% wood-free guarantying years of trouble free use.

Anssems has paid attention to every detail

The built-in battery and battery charger give you peace of mind. You can always rely on the remote control tipping function. The remote control is much safer and is giving you all round visibility while unloading compared to the manual tipper. The KSX has a safety support under the body, a warning signal during lowering, side marker lights and integrated number plate holders. With a wide selection of accessories helping to make the KSX a market leader in its class.

Robust floor support

8 fixed tie hooks on the steel floor

Standard equipped with integrated ramp holders

Equipped with span lockers

Remote control

Tie rail for removable net hooks

Foldable side panels rotate under the loading floor (loading / unloading without damage)

Premium quality brake system

Remote control

Manual operation on KSX 2500 H

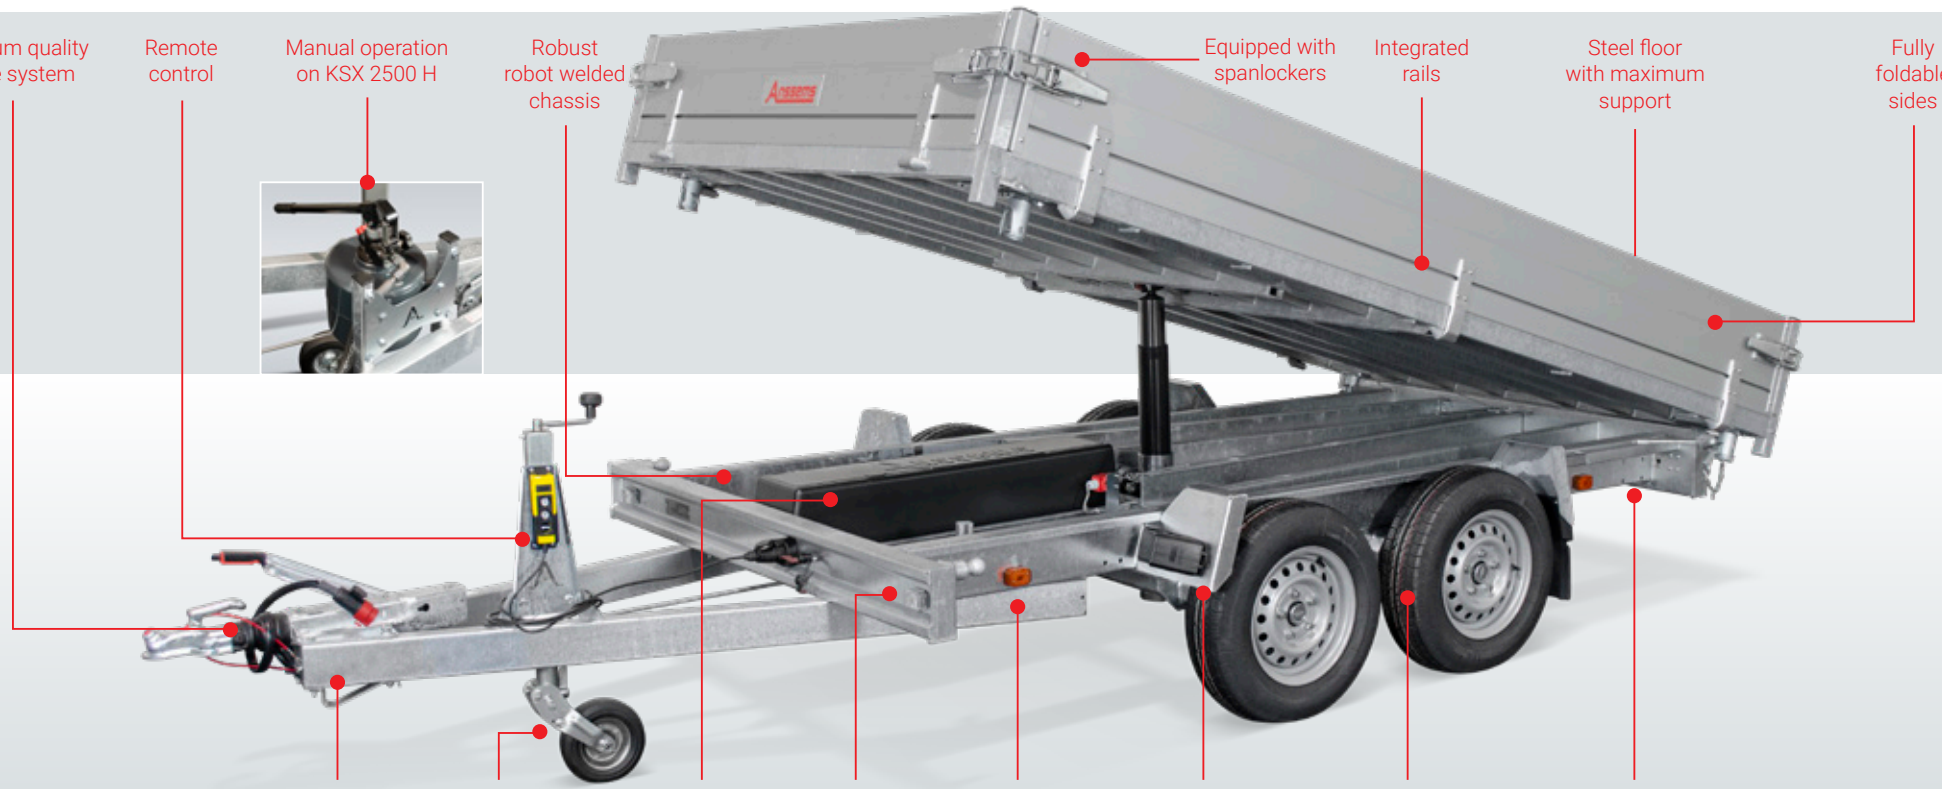
Robust robot welded chassis

Equipped with spanlockers

Integrated rails

Steel floor with maximum support

Fully foldable sides



Long A-frame made out of tubelar steel profiles

Automatic jockey wheel

Protective cover over battery

Marker lights

Side marker lights

Steel mudguards

Premium quality axless and wheels

Fixing holes for propstand

Anssems

“MY ANSSEMS KSX DOES A FANTASTIC JOB OVER AND OVER AGAIN”

KSX, multifunctional and sustainable

During the KSX 3-way tipping trailers development phase the keyword was to be multifunctional. Depending on your transport needs, there are 4 different models and many accessories to chose from to meet your needs. The Anssems KSX Trailer is build for heavy loads such as sand, rubble, firewood, or garden waste.

More transport volume thanks to the extension sides, an often used accessorie. A internal loading height of 65 cm is created.

Popular with many KSX users is the ladder rack. The ladder rack offers more binding options and cargo support.

Accessorie:
steel or aluminium
ramps

Accessorie:
easy to use
propstands

Accessorie: high cover
deliverable in 150 and
180 cm high

Accessorie:
net hooks
(for tie-rail)

Accessorie:
spare wheel

Accessorie:
axle shock absorbers
for extra comfort

Accessorie:
spare wheel
support

The 70 cm extension sides will create a total height of 100 cm. The KSX can handle even more types of loads.

A KSX with mesh sides of 70 cm offers lots of possibilities to transport a large variety of cargo. (Total height is 100 cm).

Questions?

Ask the local Anssems dealer for all KSX options or inform yourself on www.anssems.eu. The Anssems customer service is at your service.
