GT-VT box van trailers for safe transport

Aimed at a variety of different users who need to transport large volumes in an enclosed trailer, Anssems have developed the GT-VT box van trailers. Both the tailgate ramp and the lid can be opened, enabling you to easily access your goods inside the trailer. As the ramp tailgate is removable, the trailer can also be loaded with a forklift.

GT-VT2 single-axle or tandem
(internal height 118 cm)

GT-VT3 single-axle or tandem
(internal height 153 cm)

GT-VT4 tandem
(internal height 188 cm)

Beautifully finished

The trailers come as standard with zinc-plated steel prop stands for added stability when unloading and loading your trailer. Inside, you will find integrated railings at different heights to easily position the tie-hooks for securing your load. The lighting, jockey wheel, axles, coupling, and brake-system are all of premium quality.

All models within the range are extremely suitable for wrapping or signwriting, which can transform your GT Trailer into a rolling advertisement for your business.

The aluminium tailgate ramp is easily removable

Marker lights at the front

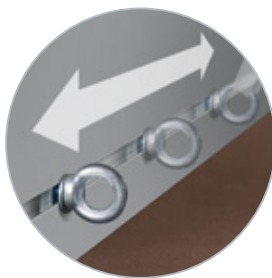

Standard equipped with propstands

Safely and lockable

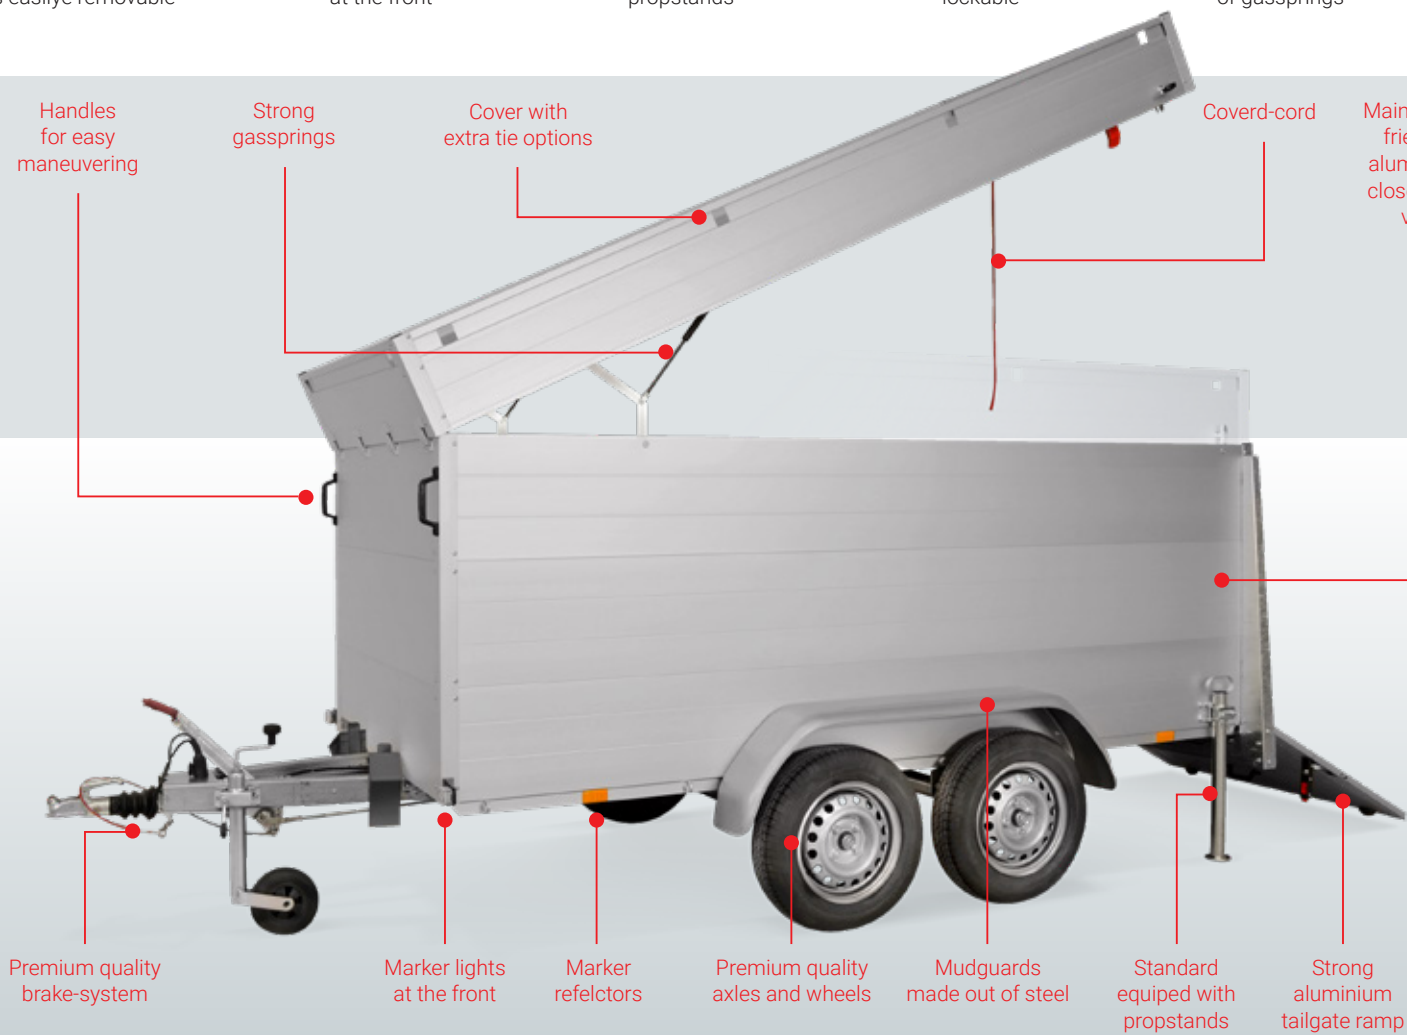

Cover opens easily because of gas springs

Integrated railing for free positioning tie-hooks

Optimally accessible cargo hold

Anssems

Low air resistance

Available in three different heights, the GT-VT range retains a maximum load capacity while keeping the overall height to a minimum, thanks to its elevating lid. This helps to cut down on fuel costs. Which trailer will you choose?

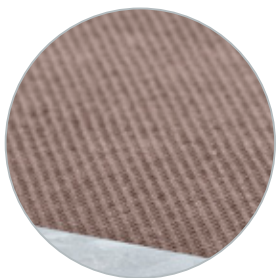

**“THANKS TO MY ANSSEMS GT-1500
I CAN DELIVER QUICKLY”**

VT2, with an internal height of 118cm, is standardly equipped with railings on three heights, and supplied with four tie hooks.

VT3, with an internal height of 153 cm, is standardly equipped with railings at four heights and supplied with six tie hooks.

Equipped with high grip plywood floor

Standard equipped with 2 maneuvering handles

Accessorie: Axle shock absorbers for extra comfort

Accessorie: spare wheel with support

Accessorie: tie eyes

Accessorie: tie hooks

VT4 with an inner height of 188cm, standard-equipped with railings on five heights and supplied with eight tie hooks.

Safely securing your load

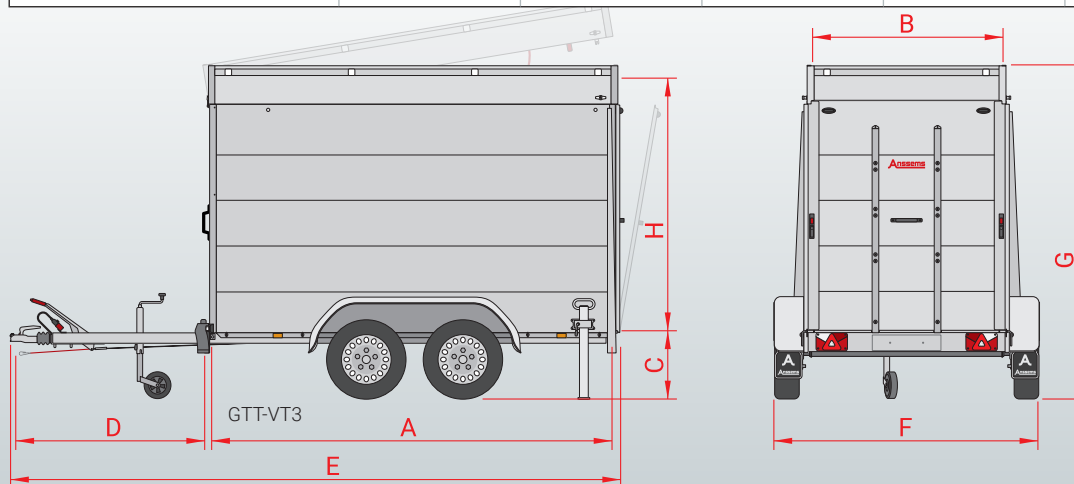

You can adjust the tie hooks to any desired position using the tie rail, which is located at different heights on the aluminium sides. You can also remove the tie hooks to create smooth sides in the cargo hold.
