PLANT TRAILERS

FLATBED TRAILERS

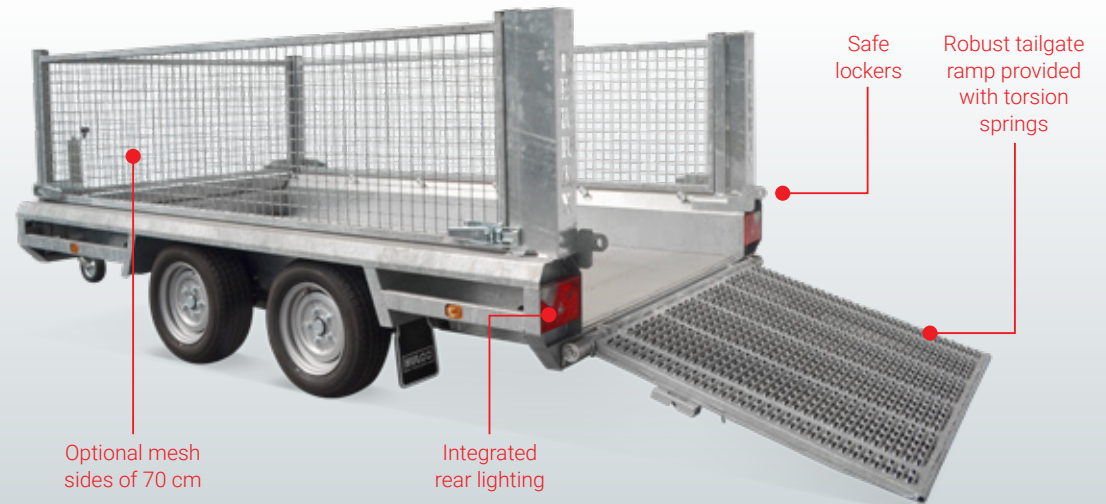

**“THE TERRAX IS MY
BEST INVESTMENT”**

Terrax: professional equipment

Professionals can rely on the quality of the Hulco Terrax plant trailers and load them to the max. A challenge the Terrax is built for. The strong chassis with its many tubular profiles creates a excellent loading floor support. The low floor height in conjunction with the robust tailgate ramp, the shovel-support, multiple tie-down points and integrated lights makes the Terrax a professional tool. Ideal for excavators, platform machines, and shovels.

Extremely strong platform support because of the many bearers

Integrated rear lighting

Many fixed tie-down possibilities

Integrated propstands on tailgate ramp (no extra propstands needed)

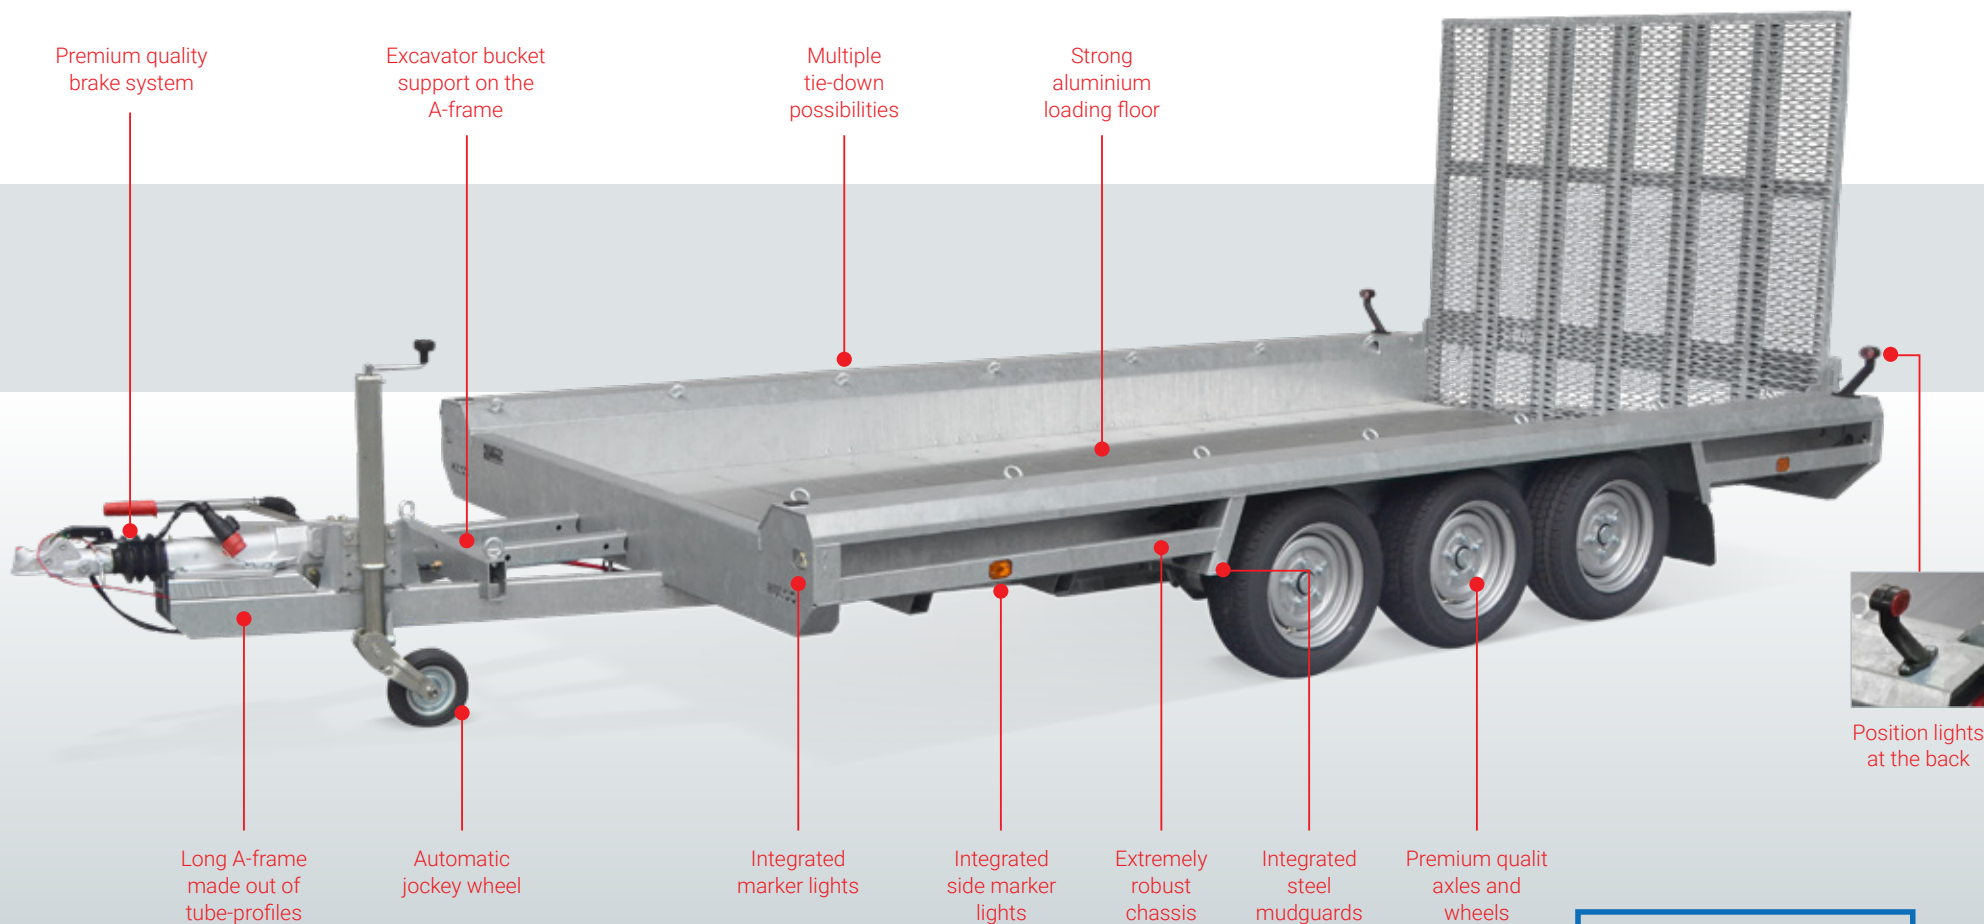

Standard equipped with excavator bucket support on the A-frame

Very small slope angle

Accessorie: winch with support

Plant trailers Terrax-Basic

Hulco has established a professional line of plant trailers. The Terrax-Basic models have been specially developed for less heavy transport. The Terrax-Basic is equipped with a high grip plywood loading floor. Ideal for transporting ATV's, quads, garden machines and lawn mowers.

**“BOARDING AND UNBOARDING
VEHICLES IS TIME SAVING”**

TERRAX-Basic; a sophisticated design

The Terrax-Basic is based on a robot-welded chassis that's fully galvanized. The strong tailgate ramp with a height of 100 cm expands the entire floor width. With a loading floor height of only 32 cm, driving on and off the machine transport is a piece of cake. The lighting, axles, coupling and brake-system are of premium quality. You will experience years of pleasure with this maintenance-friendly plant trailer!

Accessorie:
Axle shock absorbers for
extra driving comfort

Accessorie:
Gas spring for tail ramp
(ramp height 150 cm)

Accessorie:
Mesh sides
height 70 cm

Accessorie:
Coupling raisers
height 5 or 10 cm

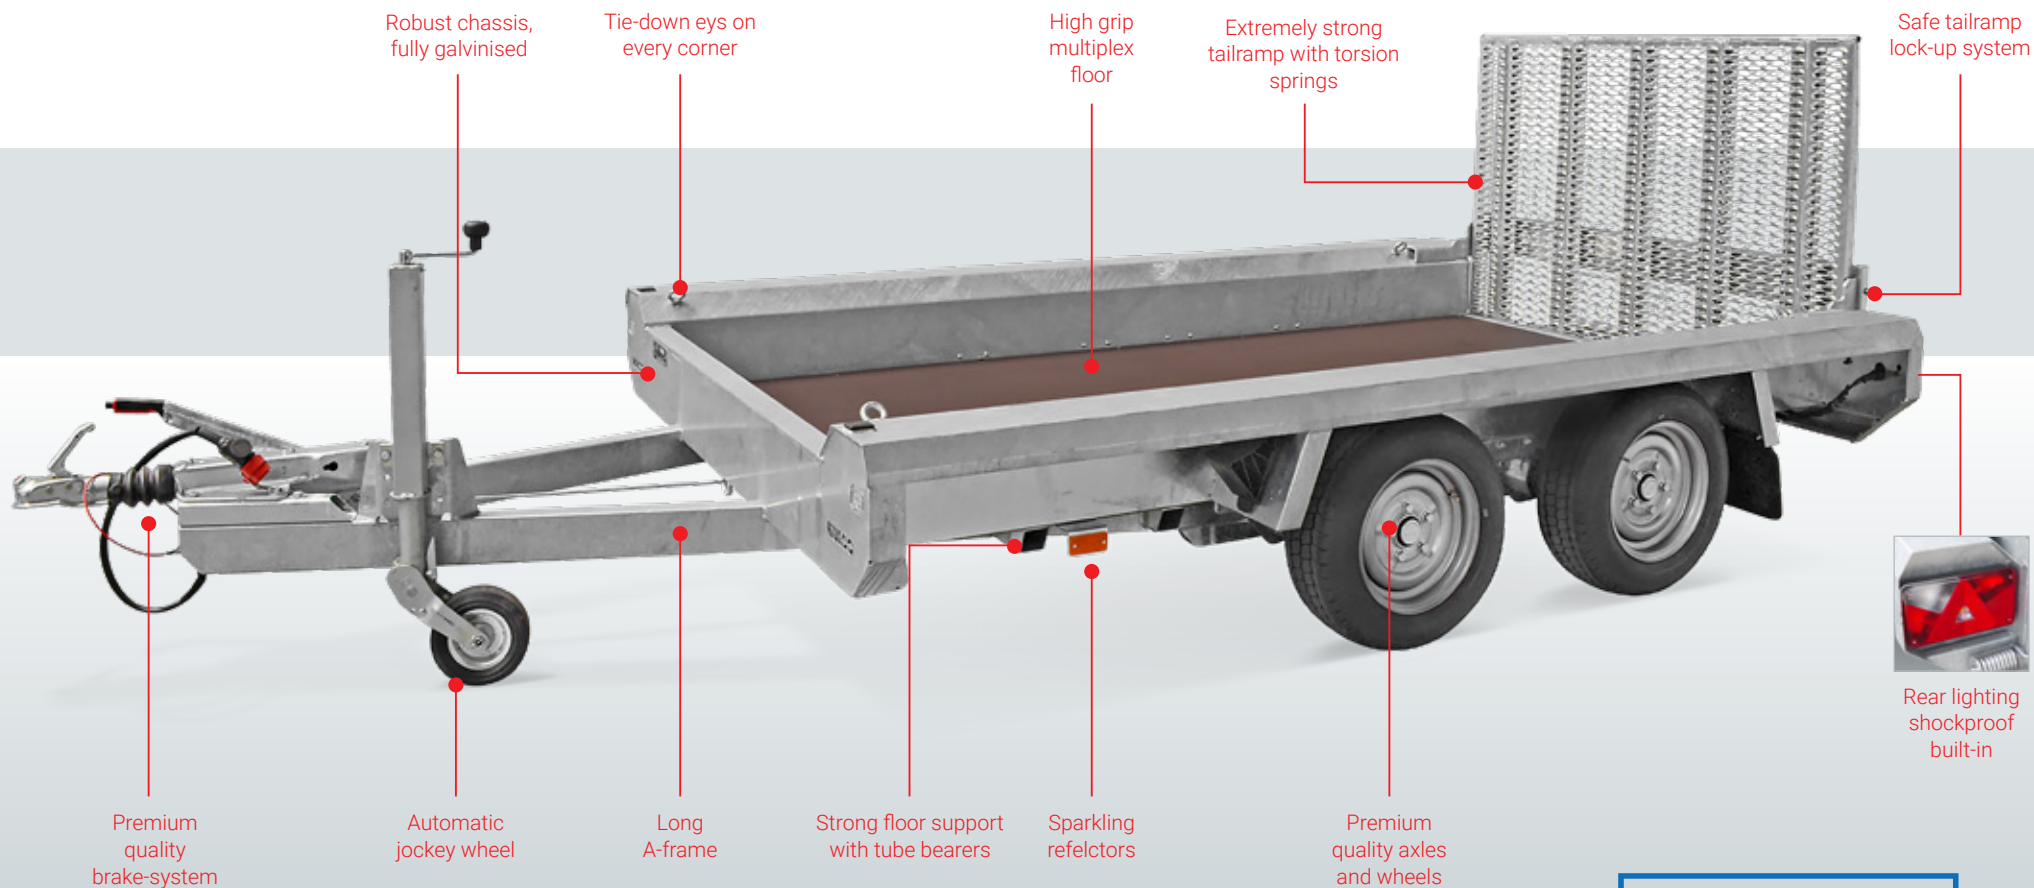

Accessorie:
Ladder rack
height 80 cm

Accessorie:
Terrax Wheelstop

Accessorie:
Front filling piece
(8 cm)
