

Thensa

A modern design classic

atec

Thensa horse trailers

Stylish comfort

The Atec Thensa is a modern design classic made of steel, aluminium and polyester. Due to the unique design of the polyester roof, the Thensa has a very spacious interior. The extra-large, low-noise cabin combined with the enormous stability are the ideal conditions for a safe and stress-free transport of your horse.

Thensa metallic black
with or without tack room

Always safe and stress-free

The hot-dip galvanised chassis, the use of the latest polyester technology and a 100% wood-free construction make the Thensa an indestructible partner. The trailer is equipped with an AluProtec polyester/aluminium floor as standard. Travel comfortably and safely. With the Atec Thensa you have a reliable and long-lasting horse trailer by your side.

Partition with
